SAFETY DATA SHEET

ProSolve™ Hi-Vis Marker Spray

This product can be used in all position thanks to its special 360° valve. This spray is resistant to weathering and wear and is ideal for professional uses on surfaces such as asphalts and walls, but also for domestic use on woods and floors. It's available in different colors (including fluorescent).

Flash Point	Und. 0° C extremely flammable
Pressure	at 20°C 5,5 ± 0,5 bar
Pressure	at 50°C 8,0 ± 0,5 bar
Viscosity Ford Cup	From 28" to 33"
Dry Residual In The Can	From 30 to 35 %
Overcoating	Every time
Brilliance	From 0 to 15 Gloss (60 ° angle gloss meter)
Operating Temperature	-10°C / +100°C (Picchi 150° C)
Safety cap child-proof patented.	
The product is permanent and resistant to UV rays and humidity.	

Directive 2004/42/CE: C.O.V.

Under category: Special finishing Limit value COV: 840 g/ Litre Max effective contents:640 g/Litre

FIELDS OF APPLICATION:

Surfaces in wood, surfaces in metal concrete, walls, asphalt

HOW TO USE

1. Open the cap: Break the safety seal to open the cap. Rotate the coloured tongue that covers the provider clockwise.
2. Shake emphatically the cylinder for at least 1 minute, up to feel the inside marbles freely stir. It's advised shake desultorily the cylinder during the use.
3. Use the product: Spray at any angle you want.
4. Rotate the coloured tab that protects the provider counter-clockwise.

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 5°C and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months (warranty). The product doesn't expire. After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.
